

Regulation 25 Independent Visits for Residential Family Assessment Centres (England)

Reconstruct provides comprehensive Regulation 25 Independent Visitor services for Residential Family Assessment Centres across England, delivering high-quality oversight, safeguarding assurance, and constructive support. Our experienced consultants and auditors offer objective evaluations designed to strengthen practice, leadership, and compliance with regulatory expectations, including those of Ofsted.

We deliver a full range of Regulation 25 services, including:

- Monthly Regulation 25 Independent Visits
- Thematic or targeted assurance visits
- Emergency or interim visits where immediate independent oversight is required

Each visit is undertaken by sector experts who independently assess safeguarding arrangements, the quality of care provided to families, staff practice, and the effectiveness of leadership and management. All visits are conducted in line with the Residential Family Centres Regulations 2002.

Our Independent Visitors adopt a balanced approach—providing robust scrutiny while also offering constructive feedback to support continuous improvement and positive outcomes for children and families.
