

## **Independent Strategic Audits & Organisational Review Services**

Reconstruct provides expert independent strategic auditing and organisational review services for organisations facing widespread internal challenges. Our senior social care consultants offer high-level oversight to assess the effectiveness, resilience and compliance of your internal systems, governance structures and departmental practice.

We independently review:

- Strategic systems and governance processes
- Key departmental practices and operational procedures
- Compliance with regulatory expectations
- Alignment between systems, processes and on-the-ground practice

Our consultants deliver clear, objective findings, culminating in a comprehensive strategic review report with practical recommendations for improvement. This independent oversight supports stronger governance, improved accountability and long-term organisational stability.

An optional implementation support package is available, offering consultancy to help embed recommended changes effectively.
